

Polishing Die Casting Aluminum Components $\pm 0.01\text{mm}$ Tolerance

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Lead Time: 7-15 Days
- Tolerance: $\pm 0.01\text{mm}$
- Mold Life: 50,000-1,000,000 Shots
- Processing: Die Casting, CNC Machining, Etc.
- Application: Automotive, Electronics, Industrial, Etc.
- Pressure: 0-500T
- Design: 3D/2D Drawing
- Surface Finish: Polishing, Anodizing, Plating, Painting, Etc.
- Highlight: **Polishing Die Casting Aluminum Components, Electronics Die Casting Aluminum Components**

Product Description

Product Description:

Die Casting Components are precision metal parts produced using a die casting process. They are made from various materials such as aluminum, zinc, magnesium, copper and more, and can be customized to meet the specific requirements of customers. Die Casting Components boast a mold life of between 50,000 and 1,000,000 shots, and are manufactured with tight tolerances of ± 0.01 mm. The weight of the components range from 0.1kg to 50kg, and the components can be shipped by sea, air or express. Additionally, our die casting services include Lost Wax Castings, Magnesium Alloy Castings and Low-pressure Castings.

Features:

Product Name: Die Casting Components

Weight: 0.1-50kg

Design: 3D/2D Drawing

Application: Automotive, Electronics, Industrial, Etc.

Lead Time: 7-15 Days

Material: Aluminum, Zinc, Magnesium Alloy Castings, Metal Injection Moldings, Gravity Castings, Die Castings, etc.

Technical Parameters:

Design	Pressure
3D/2D Drawing	0-500T
Application	Weight
Automotive, Electronics, Industrial, Etc.	0.1-50kg
Payment	Mold Life
T/T, L/C, PayPal, Etc.	50,000-1,000,000 Shots
Processing	Material
Die Casting, CNC Machining, Etc.	Aluminum, Zinc, Magnesium, Copper, Etc.
Tolerance	Surface Finish
± 0.01 mm	Polishing, Anodizing, Plating, Painting, Etc.

Applications:

YWY brand die casting components are made of zinc alloy castings, sand castings, metal injection moldings and other materials. With a mold life of 50,000 to 1,000,000 shots, these die castings have a tolerance of ± 0.01 mm and 3D/2D drawings for design. The place of origin is Guangdong, Huizhou. These die castings are suitable for automotive, electronics, industrial and other applications. Delivery can be arranged by sea, air or express.

Customization:

Customized Die Casting Components

Brand Name: ywy

Model Number: ywy444

Place of Origin: Guangdong, Huizhou

Lead Time: 7-15 Days

Mold Life: 50,000-1,000,000 Shots

Size: Customized

Material: Aluminum, Zinc, Magnesium, Copper, etc.

Package: Wooden Case/Pallet

Specialty: High-pressure Die Castings, Sand Castings, Pressure Die Castings

Support and Services:

Technical Support and Services for Die Casting Components

We provide the highest level of technical support and services for our die casting components. Our experienced engineers and technicians are available to provide assistance with all of your needs. We will work with you to ensure that your die casting components meet all of your requirements.

We provide comprehensive technical support and services, including design, development, and testing. Our engineers will analyze your requirements and create a customized design for your die casting components. We also provide guidance on materials selection and manufacturing processes. Our technicians are trained to troubleshoot and repair any issues that may arise with your die casting components.

We are committed to providing superior customer service and support. Our team of experts is available to answer any questions or concerns you may have. We also offer training and educational resources to ensure that you are able to use our die casting components effectively. We are dedicated to providing the highest level of quality and reliability for all of our die casting components.
