

Durable And Precise CNC Machined Parts With 0.01mm Tolerance For Pen Cases

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- OEM/ODM: Acceptable
- Application: Automotive, Aerospace, Medical, Etc.
- Tolerance: $\pm 0.01\text{mm}$
- Material: Aluminum, Steel, Brass, Etc.
- Lead Time: 7-15 Days
- Packaging: Standard Export Carton Or Customized
- Surface Treatment: Anodizing, Plating, Painting, Etc.
- MOQ: 1 Piece
- Highlight: **Pen Cases CNC Machined Parts,
Durable CNC Machined Parts,
Precise CNC Machined Parts**

Product Description

Product Description:

At our company, we specialize in the production of CNC machined parts. Our products are made from high-quality materials such as aluminum, steel, brass, and many more. We cater to different industries such as automotive, aerospace, medical, and other sectors that require high-quality precision machined parts.

Our CNC machined parts are carefully crafted by our team of experts who have years of experience in the industry. We use the latest technology and equipment to ensure that our products meet the highest standards of quality. We guarantee that our products are of the best quality and are built to last.

Our CNC machined parts come in standard export cartons, and we can also customize them according to your requirements. We understand that every customer has different needs, and we are willing to work with you to provide you with the best possible solution. As an OEM/ODM manufacturer, we can produce CNC machined parts according to your designs and specifications. We have a team of professionals who can work with you to develop the perfect product for your needs. Our production process is flexible, and we can produce as little as one piece for your prototype needs or larger quantities for your production runs.

Our company takes pride in providing high-quality CNC machined parts that are built to last. We use the best materials and manufacturing processes to ensure that our products meet the highest standards of quality. We are committed to providing our customers with the best possible service and products. Contact us today to learn more about how we can help you with your CNC machined parts needs.

Features:

Product Name: CNC Machined Parts

Surface Treatment: Anodizing, Plating, Painting, Etc.

Application: Automotive, Aerospace, Medical, Etc.

Processing Method: CNC Machining, Turning, Milling, Etc.

OEM/ODM: Acceptable

Delivery Method: DHL, FedEx, UPS, Etc.

Our CNC Machined Parts are numerically-controlled machining parts that are manufactured using CNC machining, turning, milling, and other processing methods. They are designed for a variety of applications including automotive, aerospace, medical, and more. We offer surface treatments such as anodizing, plating, painting, and others to meet your specific needs. We also accept OEM/ODM orders and deliver using trusted carriers such as DHL, FedEx, and UPS.

Technical Parameters:

Tolerance	±0.01mm
Processing Method	CNC Machining, Turning, Milling, Etc.
Application	Automotive, Aerospace, Medical, Etc.
OEM/ODM	Acceptable
Drawing Format	PDF, DWG, IGS, STEP, Etc.
Lead Time	7-15 Days
Quality Control	100% Inspection Before Shipment
Packaging	Standard Export Carton Or Customized
Delivery Method	DHL, FedEx, UPS, Etc.
MOQ	1 Piece

These technical parameters describe the computer-aided machining parts, CNC-machined components, or Computer-Numerically-Controlled parts that are produced by this product. The product is suitable for use in industries such as automotive, aerospace, medical, and more. The production process includes CNC machining, turning, milling, and other methods. The product can be customized through OEM/ODM services and can be produced from various drawing formats such as PDF, DWG, IGS, STEP, etc. The lead time for production and delivery is 7-15 days, with quality control measures in place to ensure 100% inspection before shipment. The product is packaged in standard export cartons or customized packaging and can be delivered via DHL, FedEx, UPS, etc. The MOQ for this product is 1 piece.

Applications:

The CNC machined parts are customizable in size, with a tolerance of ±0.01mm. They are made using advanced processing methods such as CNC machining, turning, milling, and more. The quality control process includes 100% inspection before shipment to ensure customer satisfaction.

The CNC machined parts are suitable for various application occasions and scenarios such as:

Automotive Industry: CNC machined parts are used in the production of cars, trucks, and other vehicles. They are used in the engine, transmission, and other critical components of the vehicle.

Aerospace Industry: CNC machined parts are employed in the manufacture of aircraft and spacecraft. They are used in the construction of the engine, wings, and other components.

Medical Industry: CNC machined parts are used in the production of medical equipment such as surgical tools, implants, and prosthetics.

Electronic Industry: CNC machined parts are used in the production of electronic components such as printed circuit boards, connectors, and housings.

Military Industry: CNC machined parts are used in the production of military hardware such as weapons, vehicles, and aircraft.

The CNC machined parts are packed securely in EPE foam, anti-rust paper, stretch film, plastic bags, and cartons. The delivery time is one week, and payment terms are flexible. The supply ability is 1,000,000 pieces per month, and the MOQ is only one piece.

Yuanwenyu's CNC machined parts are the perfect solution for customers who need high-quality, customizable parts for their application needs.

Customization:

Support and Services:

Our CNC Machined Parts are made with precision and accuracy, ensuring high quality and consistency. Our technical support team is available to answer any questions you may have regarding the product, including its design, functionality, and maintenance. Our services also include custom machining for specific parts and applications. We pride ourselves on providing exceptional customer service and strive to meet all of your needs and requirements.

Packing and Shipping:

Product Packaging:

All CNC machined parts will be packed in bubble wrap to prevent damage during transit.

Multiple parts will be separated with foam or cardboard dividers to prevent rubbing or scratching against each other.

The bubble-wrapped parts will be placed in a strong cardboard box with ample cushioning material to prevent movement.

The box will be sealed with high-quality packing tape.

Shipping:

All orders will be shipped via trusted and reliable carriers such as UPS, FedEx or DHL.

Shipping charges will be calculated based on the weight and dimensions of the package, as well as the destination address.

Customers will be provided with a tracking number so they can easily track their order.

Orders will be shipped within 2-3 business days after payment has been received.

FAQ:

Q: What is the brand of these CNC machined parts?

A: The brand of these parts is yuanwenyu.

Q: What is the model number of these CNC machined parts?

A: The model number is 1X893, but they are also available as OEM parts.

Q: Where are these CNC machined parts manufactured?

A: These parts are manufactured in Guangdong, China.

Q: What certifications do these CNC machined parts have?

A: These parts have one certification.

Q: What is the minimum order quantity for these CNC machined parts?

A: The minimum order quantity for these parts is 50 pieces.

Q: What is the price range for these CNC machined parts?

A: The price range for these parts is between \$2.35 and \$12.68 per piece.

Q: What is the packaging for these CNC machined parts?

A: The parts are packaged with EPE foam, anti-rust paper, stretch film, and a plastic bag, then placed into a carton.

Q: What is the delivery time for these CNC machined parts?

A: The delivery time is determined on a case-by-case basis, but typically takes 1 business day.

Q: What are the payment terms for these CNC machined parts?

A: The payment terms are determined on a case-by-case basis, but typically require payment upfront.

Q: What is the supply ability for these CNC machined parts?

A: The supply ability for these parts is 1000000 Piece/Pieces per Month.
