

Custom CNC Turning and Milling Parts for Industrial Applications Made of Polishing Stainless Steel

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: cnc202
- Minimum Order Quantity: 1
- Price: 0.68-6.68
- Packaging Details: Bubble paper box packaging
- Delivery Time: 10-15
- Supply Ability: long-term

Product Specification

- MOQ: 1 Piece
- Material: Stainless Steel, Aluminum, Brass, Etc.
- Processing Method: CNC Turning Milling
- Lead Time: 7-15 Days
- Surface Treatment: Polishing, Anodizing, Zinc Plating, Etc.
- Product Size: Customized
- Package: Carton, Wooden Case, Etc.
- Shipping: Express, Air, Sea
- Highlight: **Custom CNC Turning Milling Parts, Industrial Applications CNC Turning Milling Parts**

Product Description:

We provide an array of Surface Treatment options, including but not limited to Polishing, Anodizing, Zinc Plating, and additional finishes. Our proficient technicians employ sophisticated methods to guarantee that each component is tailored to your precise requirements. Our CNC Turning Milling Parts support multiple Drawing Formats such as PDF, IGS, STP, DWG, and others. We collaborate closely with our customers to ensure that every part is crafted according to their specific demands. We cater to your Shipping preferences with a range of options. Select from Express, Air, or Sea shipping based on your schedule and financial considerations. In terms of packaging, we provide diverse choices like Carton, Wooden Case, and more. Our packaging solutions are engineered to safeguard your parts during transit, ensuring they reach you in pristine condition. For all your Custom CNC Machining Parts requirements, opt for our CNC Turn Mill Parts. Our seasoned technicians utilize state-of-the-art technology to fabricate each part to your exacting specifications. Reach out to us today to discover more about our CNC Machining Metal Parts and how we can assist you with your upcoming project.

Features:

Product Name: CNC Turning Milling Parts
Package: Carton, Wooden Case, Etc.
Surface Treatment: Polishing, Anodizing, Zinc Plating, Etc.
Application: Automotive, Aerospace, Etc.
Drawing Format: PDF, IGS, STP, DWG, Etc.
Product Size: Customized
This product is a type of CNC machining metal parts and is also referred to as CNC turn mill parts. It is designed for use in various industries such as automotive and aerospace. The product comes in customized sizes and can be packaged in cartons or wooden cases. The surface treatment options include polishing, anodizing, zinc plating, and others. The product drawing formats available are PDF, IGS, STP, DWG, and more.

Technical Parameters:

Product Size	Customized
Advantage	High Precision, Fast Delivery, Etc.
Lead Time	7-15 Days
Material	Stainless Steel, Aluminum, Brass, Etc.
Package	Carton, Wooden Case, Etc.
Processing Method	CNC Turning Milling
MOQ	1 Piece
Surface Treatment	Polishing, Anodizing, Zinc Plating, Etc.
Tolerance	±0.01mm
Application	Automotive, Aerospace, Etc.

Applications:

If you're in the market for premium CNC Turning Machining Parts, the ywy CNC202 is an ideal choice. Crafted in Guangdong Huizhou, this bespoke CNC turning component is tailored to your precise requirements. With a minimum order quantity of just one, you have the flexibility to order the exact quantity of parts you require.

These CNC Machining Metal Parts are versatile and suitable for a multitude of uses. They are well-suited for the automotive sector, as well as for aerospace and defense applications. They also find utility in the medical sector and the electronics industry.

A standout feature of the ywy CNC202 is its exceptional precision. With a tolerance of $\pm 0.01\text{mm}$, you can be confident that each part will adhere to the strictest specifications. This level of precision is crucial for applications where accuracy is paramount. Another benefit of these CNC Turning Machining Parts is their rapid delivery. With a lead time of 7-15 days, you can receive the parts you need promptly and without delay. The long-term supply capability ensures that you will have access to the parts you need, when you need them.

The ywy CNC202 also offers diversity in surface treatment options. You can select from treatments such as polishing, anodizing, and zinc plating, allowing you to achieve the desired finish for your specific application.

In terms of drawing formats, you have a range of choices, including PDF, IGS, STP, DWG, and more. This variety makes it convenient to obtain the necessary drawings for your project.

The packaging for the ywy CNC202 is also of high quality. The parts are packaged in bubble paper boxes, which protect them during transit and handling. With a delivery time frame of 10-15 days, you can expect your parts to arrive promptly and in excellent condition. To encapsulate, the ywy CNC202 is a superior product that caters to a wide range of applications. Its combination of high precision, swift delivery, and a range of surface treatment options make it an excellent selection for anyone seeking custom CNC turning parts.

Customization:

Support and Services:

The CNC Turning Milling Parts product comes with a comprehensive technical support and service package to ensure optimal performance and longevity. Our team of experts is available to provide assistance with installation, operation, and maintenance of the product. We also offer troubleshooting and repair services to address any issues that may arise. Our goal is to ensure that our customers are satisfied with their purchase and have the necessary resources to achieve success with our product.

Packing and Shipping:

Product Packaging:

All CNC turning milling parts will be carefully packaged in bubble wrap and placed in a sturdy cardboard box. The box will be sealed with high-quality packing tape to ensure that the parts are secure during shipping. Each box will be labeled with the product name, quantity, and any special handling instructions.

Shipping:

We offer several shipping options, including standard ground shipping and expedited shipping for an additional fee. All orders will be processed and shipped within 1-2 business days of receiving payment. We use trusted carriers such as UPS, FedEx, and DHL to ensure that your order is delivered safely and on time. You will receive a tracking number via email once your order has shipped, so you can track its progress.

FAQ:

Q: What is the brand name of the CNC Turning Milling Parts product?

A: The brand name of our CNC Turning Milling Parts product is ywy.

Q: What is the model number of the CNC Turning Milling Parts product?

A: The model number of our CNC Turning Milling Parts product is cnc202.

Q: Where is the place of origin of the CNC Turning Milling Parts product?

A: The place of origin of our CNC Turning Milling Parts product is guangdonghuizhou.

Q: What is the minimum order quantity of the CNC Turning Milling Parts product?

A: The minimum order quantity of our CNC Turning Milling Parts product is 1.

Q: What is the price range of the CNC Turning Milling Parts product?

A: The price range of our CNC Turning Milling Parts product is from 0.68 to 6.68.

Q: What are the packaging details of the CNC Turning Milling Parts product?

A: The packaging details of our CNC Turning Milling Parts product include bubble paper box packaging.

Q: What is the delivery time for the CNC Turning Milling Parts product?

A: The delivery time for our CNC Turning Milling Parts product is 10-15 days.

Q: What is the supply ability of the CNC Turning Milling Parts product?

A: The supply ability of our CNC Turning Milling Parts product is long-term.
